Catholic Church Donation

Restauración, Dajabón.- The mining company UNIGOLD, has made significant contributions to the prestigious Catholic Church of the Municipality of Restauración, over many years, in order to maintain the company's relations with the Church, administered by the Parish Priest.

Parish priests Nelson Peguero and Jeyson Burdier thanked UNIGOLD for the initiatives they have carried out over the years to benefit the Catholic Church of the Municipality of Restauración, Dajabón with the various donations made as part of the company's social service.

This attitude of deep sensitivity on the part of the company has been a true blessing for the Church, since it in turn benefits the families that live in the area and who are deserving of a dignified temple and a space where they can commune in such a way honored.

“We know of the effort made by the Churches of our community to offer help and support to the families of the municipality. For this reason, these types of projects go to direct help for each one, who are benefited through the resources made available for the improvement of the temple”, commented Ramón Tapia, the Country Director of UNIGOLD

Among the donations received by the San José Catholic Church is an investor, effective for several months on different occasions, gallons of diesel, flower arrangements, contributions of detergent among other cleaning supplies and supplies for the celebration of Patron Saint festivities for several years.

About Unigold Inc.-

Unigold is a Canadian junior natural resources and mineral exploration company listed on the TSX Venture Exchange under the symbol UGD, growth oriented, focused on the exploration and development of its gold projects in the Dominican Republic, a highly prospective country for the gold and polymetallic mineralization.
